

PHONICS

Reception will be moving onto Phase 3 Phonics.

Y1 and Y2 will be continuing to learn and apply phase 5 phonic sounds.

NUMERACY

Reception will begin to learn how to estimate quantities, learn their shapes and understanding of number to 20.

Y1 and Y2 will be learning about Multiplication and Division, Statistics and measurement this term.

Reading:

Please remember that regular reading at home is such an important task to do with your children. When you have read don't forget to ask some questions about the story, characters or your child's opinion on a story line or subject.

Around the World

RE

'Myself' We explore our likes and dislikes, the places and people who are special to us and others. We learn at why Jesus is special for others.

SCIENCE

Pupils are learning about different materials and their particular uses. They will be completing simple experiments and classifying and sorting objects.

LITERACY

Non Fiction: What do you do with a tail like this?

Fiction: Lord of the Forest

GEOGRAPHY

We will be comparing the landscape, people, housing, environment and food of the UK to Kampong Ayer in Indonesia.

ART and DESIGN

Using the work of Henri Rousseau and Pablo Picasso, children will create their own rainforest sculptures from found objects. Children will design and make bridges and a healthy snack.

With the colder/ wet weather please ensure **water proof coats** are in school!

PE

We will be doing core skills and invasion game skills both in and outdoors. Please ensure that your children has warm and suitable kits each week.
